ABOUT ME

I am a Network Engineer experienced in network design, security, and upgrades. Currently studying Computer Engineering at Universitas Teknologi Bandung, I combine practical skills and academic knowledge to deliver efficient and secure network solutions.

JOB EXPERIENCE

NETWORK ENGINEER

2021 - Present

PT SEIKOU SEAT COVER

As a Network Engineer at PT Seikou Seat Cover, I manage, maintain, and develop the company's network infrastructure to ensure reliable and secure connectivity. I also work on optimizing network performance to support operational efficiency.

INTERNSHIP

2020 (July - November)

STMIK TASIKMALAYA

During my internship at STMIK Tasikmalaya, I worked on, assisted with, and learned about hardware, software, and design tasks. This experience enhanced my technical problem-solving skills and creativity.
